

## YES Logic Model

Inputs	Short-Term Outcomes	Mid-Term Outcomes	Long-Term Outcomes
<p>-YES grants cover a wide range of needs, including tuition, books, housing, food, transportation, clothing, and other education-related expenses.</p> <p>-YES provides linkages to counselor/mentors, CASA, ILP, tutoring, housing services, and on-campus services such as Smith Society.</p> <p>-YES grants do not limit choice of school or living arrangements.</p> <p>-YES provides varying levels of coordination with partner schools. While YES does not limit scholars' choice of school, they provide more support to students attending Bay Area schools, and the strongest support for students attending San Jose State and DeAnza.</p>	<p>-Participants will return to college for their second year.</p> <p>-Participants will make satisfactory academic progress (as defined by each school)</p> <p>-Participants will maintain relationships with their mentors (meeting once/month) and attend YES events and workshops.</p> <p>-Participants will report feeling like a part of the YES community.</p> <p>-Participants will develop the life skills needed to manage their finances, manage their time, and ask adults such as professors for help.</p> <p>-Participants will begin to access campus resources.</p> <p>-Participants will report feeling like they belong in college and that they feel like a part of the college community.</p>	<p>-Participants will graduate from vocational and college programs (compared with 67% of foster youth who drop out)</p> <p>-Participants will achieve the educational goals that they established.</p> <p>-Participants will access career development resources on campus as they transition out of college.</p> <p>-Participants will identify and act as role models to other foster youth.</p> <p>-Participants will be proud of their personal accomplishments and school</p> <p>-Participants will choose supportive friends and mentors</p>	<p>-Participants will maintain jobs (compared with the 50% of emancipated foster youth who are unemployed)</p> <p>-Participants will maintain positive emotional and mental health (compared with the 38% of emancipated foster youth who exhibit emotional and mental health problems)</p> <p>-Participants will remain out of jail (compared with the 30% of emancipated foster youth who are incarcerated)</p>
